

ADDEV MATERIALS

HEALTHCARE & HYGIENE

Ensuring safety of an emergency care device

CHALLENGE

How to ensure perfect assembly of a critical portable medical device for cardiac intensive care?

KEY POINTS

- To have a custom-made serial product
- To ensure durable assembly for a critical device
- To assure safety with perfect materials

ADDEV VALUE

ADDEV Materials designed tools & processes to produce parts and sourced adapted materials for high performance insulation.

CUSTOMER BENEFIT

- Product co-development and support through product design
- Critical safety standards compliance
