

HEALTHCARE & HYGIENE

PRODUCT SELECTION GUIDE

FILMS

Materials	MEDICAL DEVICES & SUPPLIES						MEDICAL SUPPLIES		Generic applications
	Insulating & protecting	Release	Barrier properties	Assembling & gasketing	Filtration	Biocompatible	Stick to skin	UV masking	
Ethylene tetrafluoroethylene TEFZEL®			●			●			► Medical packaging & securement
Polyimide KAPTON®	●								► Diagnostic, treatment & monitoring devices*
Polyethylene Terephthalate MELINEX®		●				●		●	► Diagnostic and labs ► Treatment devices
Aromatic polyamide NOMEX®	●								► Diagnostic, treatment & monitoring devices
Fluoroethylene propylene TEFLON®	●	●	●	●		●			► Medical packaging & securement ► Diagnostic, treatment & monitoring devices*
High-density polyethylene TYVEK®						●			► Physicians single use
Polyethylene PE				●		●	●		► Skin & Wound care ► Diagnostic, treatment & monitoring devices*
Polyethylene terephthalate - PET MYLAR®	●						●		► Diagnostic, treatment & monitoring devices* ► Physicians single use
Perfluoroalkoxy alkane PFA						●	●		► Medical packaging & securement ► Skin & Wound care
Fluorinated ethylene propylene FEP		●				●			► Medical packaging & securement ► Treatment devices

FOAMS & TAPES

Materials	MEDICAL DEVICES & SUPPLIES						MEDICAL SUPPLIES		Generic applications
	Insulating & protecting	Release	Barrier properties	Assembling & gasketing	Filtration	Biocompatible	UV masking		
Polyethylene terephthalate PET - MYLAR®							●		► Dental
Polyethylene PE	●			●					► Diagnostic, treatment & monitoring devices*
Polyurethane PU	●			●					► Diagnostic, treatment & monitoring devices*
Rubber				●					► Diagnostic, treatment & monitoring devices*
Silicone	●			●					► Diagnostic, treatment & monitoring devices*
Very high molecular weight polyethylene UHMW	●			●					► Diagnostic, treatment & monitoring devices*
Acrylic foam tape VHB®				●					► Diagnostic, treatment & monitoring devices*
Nonwoven tape				●					► Monitoring devices

* For medical machine manufacturing and MRO markets

HEALTHCARE & HYGIENE

PRODUCT SELECTION GUIDE

NON WOVENS

Materials	MEDICAL DEVICES & SUPPLIES					MEDICAL SUPPLIES			HYGIENE	Generic applications
	Insulating & protecting (mechanical)	Assembling & gasketing	Filtration	Biocompatible	Body contact / Stick to skin	Conformability	Absorption	Soft contact	Cleaning & wiping	
Nonwovens	●	●	●	●	●	●	●	●	●	<ul style="list-style-type: none"> ▶ Professional hygiene ▶ Surgical ▶ Skin & wound care ▶ Diagnostic, treatment & monitoring devices* ▶ Veterinary supply
Laminates	●	●	●	●	●	●	●	●	●	

CHEMICALS

Materials	MEDICAL DEVICES & SUPPLIES		MEDICAL SUPPLIES	HYGIENE	Generic applications
	Lubricating	Assembling & gasketing			
Silicones	●	●	●		<ul style="list-style-type: none"> ▶ Dental ▶ Medical packaging & securement
Greases	●				<ul style="list-style-type: none"> ▶ Diagnostic, treatment & monitoring devices*
Adhesives		●			<ul style="list-style-type: none"> ▶ Generic assembling purposes
Cleaners				●	<ul style="list-style-type: none"> ▶ Hygiene & cleaning applications

* For medical machine manufacturing and MRO markets
