

# ADDEV MATERIALS

## HEALTHCARE & HYGIENE

## Ensuring the quality control processes of IVD machines

### CHALLENGE

Having perfectly sealed medical bags for ensuring efficient quality control of IVD machines?

### KEY POINTS

- Having a perfect sealing effect
- Without any possibility of pollution
- And providing biocompatible stability

### ADDEV VALUE

ADDEV materials sourced & converted the perfect material for having an optimized sealing effect of the medical pouches with a perfect biochemical stability

### CUSTOMER BENEFIT

- A standard compliant solution
- Responding to all hygiene and medical constraints
- Ensuring a continuous quality in our customer production flow
