

ADDEV MATERIALS

HEALTHCARE & HYGIENE

How to source & qualify new critical cleaning materials in a context of global shortage?

CHALLENGE

In the heat of covid-19 battle, specialists of critical cleaning were in raw material shortage. We had to source and qualify new materials, compatible with their processes

KEY POINTS

- Ensuring continuity in customer production processes
- Respect of hygiene standards for skin contact
- Bypassing of covid-19 shortages

ADDEV VALUE

Thanks to its sourcing expertise, ADDEV Materials teams found an alternative source of raw materials, converted and packaged it.

CUSTOMER BENEFIT

- Sourcing: Qualified materials
- Tailor-made solution (ready-to-use impregnation kit)
- Time saving and continuity in production
